

12/11/20

Hello Warren County Career Center Families,

As we prepare for the upcoming holiday break, we want to be certain that everyone is aware of our plan going into the new year. **For now, we will continue on our current hybrid schedule with rotating Wednesdays for the month of January. This schedule has worked well for the last few weeks, providing in-person education for both career tech and academic courses, while keeping community spread of COVID-19 low.**

If Warren County moves colors on the Statewide Alert level, the following schedule this is the district plan:

Move to PURPLE: WCCC will continue with the current plan, including rotating Wednesdays.

Move to ORANGE or YELLOW: WCCC would transition to a traditional 5-day per week schedule.

Adult Education will stay with their current face to face schedule unless the Governor or Health Department mandate a change.

As always, you can find details on our COVID-19 cases, policies, and helpful information, visit our district website at mywccc.org and click the red coronavirus tab.

Sincerely,

WCCC Administration Team
