

What is “TechCred” and how can it benefit Ohio workers and businesses?

TechCred (*Technical Credential*) helps Ohioans learn new skills and helps employers build a stronger workforce with the skills needed in a technology-infused economy.

These technology-focused credentials often take a year or less to complete and prepare current and future employees for the technology jobs Ohio employers need. Learn more at <https://techcred.ohio.gov>.

Count on the convenience and support from Warren County Career Center to train your employees **and get reimbursed** from the State of Ohio

URGENT: current application period expires January 31, 2021. *(Contact WCCC to find out about future application windows)*

Employer Benefits:

- Reimbursement up to \$2,000 per person per certification/certificate earned from the State of Ohio (your tax dollars at work!)
- WCCC assistance to navigate the application and reimbursement processes.
- WCCC Testing Center is an affordable and convenient option for employees to take certification exams.
- WCCC Adult Education programs offer state-of-the-art training in many high-demand fields. See the next page for a list.

A Few Details:

- Employers do *not* need to identify specific individuals on the application; are required to do so when completing the request for reimbursement.
- Employees may earn CERTIFICATION (successfully pass an exam to “test out” regarding the subject matter).
- Employees may earn one or more CERTIFICATE(S) upon successful completion of a class/program on the subject matter.

Call to find out more today! The entire list of Credentials and Certifications is visible at www.mywccc.org.
