- Using data to drive planning, decision making and actions

STUDENT PRIVACY

FAMILY EDUCATIONAL RIGHTS & PRIVACY ACT (FERPA)

The Family Educational Rights and privacy Act (FERPA) is a Federal law designed to protect the privacy of a student's education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student, or former student, who has reached the age of 18 or is attending any school beyond the high school level. Students and former students to whom the rights have transferred are called eligible students.

Under authority of the Family Education Right to Privacy Act, the district has established a policy for the release of student and/or graduate information:

In order to provide students with appropriate instruction and educational services, it is necessary for the District to maintain extensive educational and personal information. It is essential that pertinent information in these records be readily available to appropriate school personnel, be accessible to the student's parent(s) or the student in compliance with law, and yet be guarded as confidential information. The Superintendent is responsible for the proper administration of student records in keeping with State law and Federal requirements and the procedures for the collection of necessary information about individual students throughout the District.

Upon request, all records and files included in the student's cumulative file are available to parent(s) or the student (if he/she is over 18 years of age). This request must be in writing and is granted within seven calendar days. No records are to be removed from the school. A director, coordinator or other qualified school personnel must be present to explain any of the tests or other material. All rights and protections given to parents under law and this policy transfer to the student when he/she reaches age 18 or enrolls in a postsecondary school. The student then becomes an "eligible student." The District provides notice to parents and eligible students annually, in accordance with the procedures set forth under administrative regulations, of the rights held by parents and eligible students under law and this policy. It is the intent of the District to limit the disclosure of information contained in the student's education records except:

1. By prior written consent;
2. As directory information and
3. Under other limited circumstances, as enumerated under administrative regulations. The following rights exist:
 1. The right to inspect and review the student's education records;
 2. The right, in accordance with administrative regulations, to seek to correct parts of the student's education records, including the right to a hearing if the school authority decides not to alter the records according to the parent(s)' or eligible student's request;
3. The right of any person to file a complaint with the U.S. Department of Education if the District violates relevant Federal law, specifically the Family Educational Rights and Privacy Act (FERPA) and
 4. The right to acquire information concerning the procedure which the parent(s) or eligible student should follow to obtain copies of this policy, the locations from which these copies may be obtained, as well as any fees to be charged for such copies. (See Administrative Regulations.)

The District proposes to designate the following personally identifiable information contained in a student's education records as "directory information."

1. Student's name
2. Student's address
3. Telephone number(s)
4. Student's date and place of birth
5. Participation in officially recognized activities and sports
6. Student's achievement awards or honors
7. Student's weight and height, if a member of an athletic team
8. Major Field of study
9. Dates of attendance ("from and to" dates of enrollment)
10. Date of graduation

The above information is disclosed without prior written permission, except when the request is for a profit-making plan or activity. Student records that consist of "personally identifiable information" generally are exempt from disclosure. Student directory information, however, is released unless the parents have affirmatively withdrawn their consent to release in writing.

Administrative regulations set forth a procedure for annual notification to parents and eligible students of the District's definition of directory information. Parents or eligible students then have two weeks in which to advise the District, in accordance with such regulations, of any or all items which they refuse to permit as directory information about that student.

To carry out their responsibilities, school officials have access to student education records for legitimate education purposes. The District uses the criteria set forth under administrative regulations to determine who are "school officials" and what constitutes "legitimate educational interests."

Other than requests as described above, school officials release information from, or permit access to, a student's education records only with the prior written consent of a parent or eligible student, except that the Superintendent or a person designated in writing by the Superintendent may permit disclosure in certain limited circumstances outlined under administrative regulations (e.g., transfers to another school district or to comply with judicial order or subpoena or where warranted, in a health or safety emergency, etc.).

The District maintains, in accordance with administrative regulations, an accurate record of all requests to disclose information from, or to permit access to, a student's education records and of information disclosed and access permitted.

CONTROL OF CASUAL CONTACT COMMUNICABLE DISEASES

With a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The school's professional staff has the authority to remove or isolate a student who has been ill or has been exposed to a communicable disease or highly transient pests, such as lice.

BLOODBORNE PATHOGENS

Staff and students incur some risk of infection and illness each time they are exposed to bodily fluids or other potentially infectious materials. While the risk to staff and students of exposure to body fluids due to casual contact with individuals in the school environment is very low, the Board regards any such risk as serious.

Consequently, the Board directs adherence to universally recognized precautions. Universally recognized precautions require that staff and students approach infection control as if all direct contact with human blood and body fluids is known to be infectious for HIV, HBV, HCV and/or other blood-borne pathogens.

To reduce the risk to staff and students by minimizing or eliminating staff exposure incidents to bloodborne pathogens, the Board directs the Superintendent to develop and implement an exposure control plan. This plan must be reviewed and updated at least annually in accordance with Federal law.

The plan includes annual in-service training, first-aid kits in each school building and student transportation vehicle, and correct procedures for cleaning up body fluid spills and personal cleanup.

Training is followed by an offer of immunization with hepatitis B vaccine for all staff who are required to provide first-aid to students and/or staff. The vaccine is also offered to staff who have occupational exposure as determined by the administrator.

MEDICATION

If a student is taking medication, that information should be made known to the Program Coordinator and his/her instructor for health and safety reasons. Coordinators reserve the right to question students if they are concerned about a student being impaired.

SCHOOL EQUIPMENT AND FACILITIES

Students must receive the permission of the teacher before using any equipment or materials in the classroom and the permission of the designated staff member to use any other school equipment or facility. Students will be held responsible for the proper use and safekeeping of any equipment or facility they are allowed to use. If a student does damage to or loses school property, the student will be required to pay for the replacement or repair and will also be subject to disciplinary action.

Our Main Campus has the following equipment available for hands-on learning:

Heavy Equipment List: CAT Equipment: 312 Excavator; 315 Excavator; D3 & D4 Bulldozer; 924 Wheel Loader; 953 Track Loader; 236 B Skidsteer; 323 CP Compactor; 615 Scraper; 120M Motor Grader; 420D Backhoe

Electrical Power Line Equipment: GMC C7500 Dual Bucket Truck & International 4900 Digger Derrick Truck

UNIFORMS AND STUDENT IDENTIFICATION BADGES

Students are required to wear a uniform issued to them from the Coordinator of their program. Students are required to display their school-issued student identification badge at all times while on campus or offsite locations. This is to ensure safety and security for all students while they attend class. Students are responsible for their badges. If lost, damaged or stolen, students are to report as soon as possible to the Adult Education Receptionist to request a replacement badge. The replacement fee for the badge is \$5.

PROTECTIVE EQUIPMENT

In certain instructional areas where potentially dangerous machines and/or materials are used, all students, instructors and visitors must wear appropriate protective equipment. Gym shoes are not permitted in shop areas.

EMERGENCY PLANS

EMERGENCY OPERATIONS PLAN

The WCCC maintains an Emergency Operations Plan with the Ohio Department of Education and the Ohio Attorney General's Office. This plan is fully compliant with the requirements of both agencies. The plan is available to staff via on-line software as well as hard copies kept in each building of the district. Per Ohio Revised Code, Fire Drills, Tornado Drills and Safety Drills are conducted throughout the year to meet state requirements. All staff receive training on the Emergency Operations Plan and the Incident Command System annually.

FIRE DRILLS

The District has established fire drill procedures. The basic rule on fire drills is to evacuate the building. Each year, the state fire officials and the local fire department inspect the building for safety procedures and fire hazards.

Fire Drill Instructions and maps are posted in all classrooms and offices. After exiting the building, accountability for all students will be conducted by the instructor. Students will be instructed about tornado drill procedures by their instructors. In the event of a storm warning, students are to move to the interior of the building near an inside wall away from windows and outside doors.

EMERGENCY EVACUATION

In the event of a need for an emergency evacuation, all staff, visitors and students are notified via the fire alarm system, building intercom system and /or the building-wide phone system. Students, visitors and staff are required to evacuate the building in an expedited manner, meeting at a remote area on the school ground for accountability to be monitored. No one is permitted to return to the building until an all-clear is issued.

SHELTER-IN-PLACE

In the event of a situation that requires students and staff to shelter-in-place, an announcement is made over the building intercom and phone system, with instructions given to all building occupants. In the event of a shelter in place, all staff, visitors and students will remain in a safe location until the all-clear is issued.

A.L.I.C.E

For active shooter situations, the WCCC has adopted the A.L.I.C.E. program. A.L.I.C.E. is an acronym for Alert, Lockdown, Inform, Counter, Evacuate. With a threat of an active shooter, students and staff will base their decision to evacuate or lock-down based on information received about the intruder, especially the intruder's location in proximity to their area. Constant updates to students, visitors and staff are given through the emergency communications systems. If evacuation occurs, students, staff and visitors will move well away from the affected area and accountability will be assessed.

BUILDING SECURITY

Adequate light is provided in public areas inside the building and in parking and outside break areas. High definition security cameras are functional in all hallways and other common areas inside and outside the building.

Access to the building is monitored by camera and receptionists. Observation cameras have been installed at all entrances and at strategic locations in and around the building. Staff and students have an electronic photo card for entry into the buildings. Sign-in & sign-out through the Lobbyguard system in the front office is required for non-regular students, staff or other visitors. Campus security personnel have the authority to evict unauthorized persons from the campus premises and will notify local police of all actual or suspected criminal activities, including trespassing.

TIMELY WARNINGS

WCCC is required to issue timely warnings to the campus community relative to active criminal activity on campus or in the near vicinity. These will be issued when an incident takes place on our campus or information is received from a local law enforcement agency regarding an incident that occurred in the immediate vicinity of the campus which is considered potentially threatening. Anyone who knows of a crime or other serious incident should report it as soon as possible by calling 9-1-1 and/or reporting it to a Campus Security Authority by dialing (513) 932-5677 or (513) 932-8145. Reporting crimes is on a voluntary, confidential basis. Timely warnings will be issued by some combination of e-mail, WCCC's emergency call system; fliers posted at strategic locations around the campus, and PA announcements. Our pledge to the WCCC's community is that these warnings will be issued in a timely manner, with the names of the victims redacted, and with the aim of preventing related or similar occurrences.

CAMPUS SECURITY

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics (Clery Act) as amended by the Higher Education Act requires all postsecondary schools that participate in federal financial aid programs to keep and disclose information about crimes occurring on and near the school to all current and potential students and staff. Schools must also distribute information on policies and procedures explaining the:

- A. Means for students to report criminal actions or other emergencies and how the school will respond to such reports; how the campus is secured and access to the campus is controlled
- B. Relationship of the school to law enforcement and other campus security personnel, especially as it relates to how crimes are investigated. It is hoped that this will facilitate accurate and prompt reporting of crimes to law enforcement even when the victim of such crime elects or is unable to make such a report.
- C. Type and frequency of programs designed to inform students and employees to be responsible for their own security and for the security of others.
- D. Programs designed to inform students and employees about the prevention of crimes
- E. Statistics of crimes committed on or near campus. See chart.
- F. Method the school uses for monitoring and recording through local police agencies of criminal activity at off-campus student organizations which are recognized by the institution and that are engaged in by students attending the school.
- G. School's policies regarding the possession, use, and sale of alcoholic beverages and enforcement of Ohio underage drinking laws and a statement of policy regarding the possession, use or sale of illegal drugs and enforcement of Federal and state drug laws and a description of any drug or alcohol abuse education programs.
- H. Availability of information on registered sex offenders.

- I. Procedures for immediate emergency response and evacuation.

WCCC's Annual Security report with our policies, procedures and crime statistics for the last three (3) years are disclosed and explained on the following pages.

SEXUAL HARASSMENT AND OFFENSES

Students and staff at WCCC have the right to an environment free of sexual harassment and intimidation, not only by persons in positions of power, but by any WCCC employee or student. Sexual harassment constitutes a serious threat to the free interaction and exchange necessary for educational and personal development. Sexual harassment is not only a clear violation of school policy; it is a form of discrimination and is illegal. Students are protected under Title VII of the Civil Rights Act and Title IX of the Education amendments. It is also contrary to the purpose of WCCC to equip our students with employable skills and habits. Engaging in harassment is one of the quickest ways to get fired from a job. Although certain attitudes or patterns of behavior may seem harmless to some, harassment is a serious issue and all students and staff must be aware of its definition and consequences.

Sexual harassment is unwanted sexual attention such as staring, leering, ogling, sexual teasing, jokes, gestures, inappropriate touching, pressures for a date or sex, forced sexual relations or suggestions that sex can be exchanged for grades or a promotion. It can happen to both men and women, but women are more often the victims. Harassment may occur when a person in a position of control or influence over a person's grades, academic career, or job uses authority and power to gain sexual advantages and threatens or punishes for refusal.

Another form of sexual harassment is peer harassment (by other students), and includes many of the above unwanted actions. Sexual harassment committed by students is a serious offense which could lead to dismissal. Victims of sexual harassment are encouraged to report such incidents promptly to any Campus Security Authority.

SEXUAL ASSAULT

If an individual is the victim of a sexual assault, formal charges alleging sexual assault occurring on campus may be lodged with any Campus Security Authority or online at www.mywccc.org – Campus Security. WCCC officials will help individuals obtain counseling and file formal reports. In the case of criminal sexual assault, it is extremely important that physical evidence be preserved.

The term "sexual assault" means an offense classified as forcible or non-forcible sex offense under the uniform crime reporting system of the Federal Bureau of investigation. These offenses include domestic violence, dating violence, and stalking.

WHAT TO DO IF YOU ARE SEXUALLY ASSAULTED

- Find a safe environment away from your attacker and call 9-1-1 immediately! If possible, ask a trusted friend to stay with you. And remember, it's not your fault that you were attacked.
- Write down everything you can remember about your attacker (physical description, location of the attack, etc.) The sooner you record your memory of the assault, the greater value it will have in subsequent legal proceedings.
- Preserve evidence of the attack. Though you may want to, do not bathe or brush your teeth. Do not

wash or get rid of any of the clothing that you were wearing.

- If the incident occurred on campus, immediately report the assault to any Campus Security Authority after calling 9-1-1. School officials will assist the victim in notifying the local law enforcement agency.
- Seek medical attention. Even if you don't think you're injured, it's important to test for STD's and pregnancy. Ask the hospital to conduct a rape kit exam and, if you think that you have been drugged, collect a urine sample for analysis by a lab.

WHAT TO DO IF YOU ARE A BYSTANDER

- Call 9-1-1
- Be a good witness. As soon as possible write detailed notes such as identifying characteristics of perpetrator, specific actions, time, words spoken by the victim and perpetrator, weapons used, etc.
- Make your presence known as a witness. This may be the best way to stop the attacker.
- Other interventions should be safe and avoid exacerbating the violence toward you or the victim.
- Attend and comfort the victim afterward.
- Stay on the scene until the police arrive.

SEXUAL ASSAULT DISCIPLINARY PROCEDURE GUARANTEES

- The accuser and the accused are entitled to the same opportunities to have others present during a campus disciplinary proceeding.
- Both the accuser and accused shall be informed of the outcome of any campus disciplinary investigation.
- The accuser and the accused will be treated with dignity, courtesy and professionalism.

Students found guilty of such violations under the school's code of conduct and Ohio law are subject to suspension and prosecution. The school will assist victims of sexual assault/ harassment with escorts, schedule adjustments, or any other reasonable request that would make the victim safer or feel safer. CRIME LOGS

Both the high school and adult education departments maintain Crime Logs. The Crime Log records all reports of crimes made to Campus Security Authorities that have occurred on campus, in the immediate vicinity of the school or during school-related activities. The crime reports are logged by the date the report was filed and contains the date and time of the incident, the nature of the crime, general location of where the incident happened and disposition of the incident if known. WCCC may temporarily withhold information from the Crime Log if there is clear and convincing evidence that the information would jeopardize an ongoing criminal investigation, safety of an individual, cause a suspect to flee or evade detection or result in destruction of evidence. A Crime Log may be obtained on campus and will be issued within one business day of a request unless the disclosure is prohibited by law or would, as explained above, jeopardize the investigation or the safety of a person.

The Campus Safety and Security Reporting Handbook states that if a school has “an individual or individuals with limited responsibility for campus security (e.g., someone monitoring access to a campus building by checking student IDs) but who do not constitute a police or security department”, the school is excluded from the requirement of maintaining a daily crime log. WCCC Adult Education is a school that has individual(s) with limited responsibility for campus security during a majority of its school hours.

The *Campus Security Act* requires schools to disclose campus crime statistics to employees, students, and potential students. As the following statistics show, the WCCC is committed to providing quality education in a safe environment.

CRIME AWARENESS REPORT

The *Student Right to Know Act* requires schools to disclose completion rate statistics to employees, students, and potential students. The following reflects enrollment in adult full-time programs only.

CRIME PREVENTION

Effective crime prevention begins with personal involvement and responsibility. By taking a few moments to think before acting, we can all make ourselves and others less likely to become victims. The following is a list of DO's and DON'Ts to protect your property and yourself:

- Do lock your car at all times – when parked and when driving.
- Do use lighted walkways when going to and from parking areas.
- Do report all crimes and/or suspicious activities to a Campus Security Authority promptly.
- Do mark your valuables (books, computers, tools, etc.) with your driver's license number.
- Do call a Campus Security Authority (513-932-8145) if you desire an escort.
- Do avoid events and people prone to use or distribute illegal drugs or alcohol or people and events known for excessive use of legal drugs and alcohol.
- Don't drink and drive.
- Don't date while you or your date are using drugs or consuming more than very moderate amount of alcohol.
- Do ask a friend to walk with you to the parking lot or smoking area.
- Don't leave valuables in plain sight in your vehicle or leave them unattended in labs, break areas or classrooms.
- Do ask to be assigned a locker if one is available and use it.
- Don't leave purses, book bags, wallets, credit cards, cash or checks in unlocked desks or file cabinets.
- Don't use WCCC wifi for credit/debit card transactions.
- Do report any security deficiencies you find such as broken doors or locks; inoperative lights; overgrown shrubs and trees; broken sidewalks or handrails and other conditions.

An important part of a quality educational experience is an active participation in the school's safety program. WCCC promotes and enforces safety rules and regulations according to standards set up by the Occupational Safety and Health Administration (OSHA). Safety rules are constantly reviewed and emphasized by instructors. Students must follow all safety regulations and report all accidents or injuries to their instructor immediately. Failure to follow safety regulations will result in disciplinary action.

IN CASE OF AN EMERGENCY

For emergencies, WCCC phones are set to dial 911 without need for any other digits. WCCC has a School Resource Officer (SRO), a sworn deputy sheriff of the Warren County Sheriff's Office. The SRO's hours are from 7:00 AM – 3:00 PM, Monday – Friday. Contact the SRO during these hours by dialing ext. 5290. The SRO is armed and has arrest authority. For on campus emergencies, call the SRO after calling 9-1-1. Emergencies requiring immediate attention should also be reported to any Campus Security Authority after dialing 9-1-1. A Campus Security Authority is defined as any official of WCCC who has significant responsibility for student and campus activities. These include persons from adult or secondary education specified as Adult Education Director, Evening Supervisor, Program Coordinators, or other adult and secondary administrative, counseling, or support staff.

Students are encouraged to promptly report all crimes or accidents occurring on campus or during school activities off campus. Call the campus receptionist at (513) 932-8145, or extension 0 from a campus phone to reach the Campus Security Authority on Duty. Students and Employees may also report through the website www.mywccc.org at Campus Security "Stay Safe/Speak UP, Student and Employee Links:"

ALCOHOL AND DRUGS

In accordance with the Drug-Free Schools and Community Act of 1989, Public Law 101-226, WCCC seeks to establish a drug-free learning environment. The harmful effects of nonprescription drugs and alcoholic beverages are well-documented: drowsiness, disorientation, poor perception of time and distance, fatigue, loss of appetite, depression, aggressive tendencies, respiratory dysfunction and an altered ability to learn and remember information.

Student participation in the possession, use, or distribution of alcohol is expressly forbidden on campus or during school-related activities. The possession, use or distribution of illegal drugs or the illegal use or distribution of prescription drugs is also expressly forbidden on campus or during any school-based activities. There are no exceptions to these rules. Furthermore, anyone thought to be under the influence of drugs or alcohol while on campus will be removed from the school and enrollment privileges or employment could be permanently suspended. Students suspended under this policy may be reinstated if they complete a drug/alcohol rehabilitation program, such as Alcoholics Anonymous or The Community Center on Alcoholism/Drug Abuse of Warren/Clinton County. WCCC is required to notify current/prospective students and employees of the federal legal sanctions associated with the possession or trafficking of a controlled substance.

Federal student aid could be suspended for drug violations. A student who is receiving Title IV funding and who is convicted by a court for state or federal offense involving a controlled substance may lose the right to receive Title IV funding for the present award year and may be sanctioned from receiving other forms of financial aid under the Omnibus Drug Initiative Act of 1988. The student has a responsibility to immediately notify the financial aid office of any drug conviction. All students are subject to current laws and financial aid regulations, provisions of the enrollment agreement and policies published in the student handbook. WCCC will issue a timely written notice to any student who has lost eligibility for any grant or loan as a result.

There are numerous legal sanctions under local, state and federal laws, which can be used to punish violators. The federal sanctions may be seen in the financial aid section of the WCCC Student Consumer Handbook. Businesses could lose federal contracts if the company does not promote a drug-free environment. Finally, a record of a felony or conviction in a drug-related crime may prevent a person from entering certain careers.

Readmission or re-employment will depend on the circumstances, mitigating factors and possibly the successful passing of two unannounced drug tests conducted by a drug rehabilitation program that complies with the criteria established by the U.S. Dept. of Education to determine whether or not a student may be eligible to regain eligibility of Federal funds. Any crimes committed on campus regarding drugs or alcohol will be reported to the Clearcreek Township Police Department or other local law authorities.

MEDICAL MARIJUANA

The Federal Government regulates drugs through numerous laws, including the Controlled Substance Act, the Drug Free Workplace Act, and the Drug Free Schools & Communities Act as listed under the Drug-Free Schools and Campuses Regulations (EDGAR Part 86). These laws do not recognize the difference between medicinal and other uses of marijuana, which is classified as a Schedule I drug under the Controlled Substances Act.

Schools must abide by and certify compliance with all federal laws and regulations in order to be eligible to receive federal funding through Title IV in the form of student financial aid (grants, loans, and work-study programs). Students who violate this policy may be subject to federal penalties.

ADVICE FOR INSTRUCTORS

Be vigilant! Be aware of your students’ behavior and report signs of emotional or mental difficulties. Also be alert for signs of domestic violence or substance abuse. Early intervention may help the student avoid a destructive pattern or event. Note such signs as:

- Inability to concentrate
- Bruising
- Poor attendance
- Extreme nervousness
- Dilated pupils
- Outbursts of anger
- Depression

Watch or review online video “See the Signs. Speak Out” at <http://odvn.org/home-speakout>.

Contact Student Services or the Campus Security Authority on Duty if you observe any of these warning signs. Immediately report any suspicion of substance abuse.

Warren County Sex Offender Registration Information: Warren County Sheriff's Office www.sheriffalerts.com . In accordance with Ohio law, the Ohio Attorney General's Office maintains the electronic sex offender registration network ("eSORN") registry. The registry contains information about currently published sex offenders and child victim offenders (collectively "Offenders") residing in the State of Ohio, as provided by the local sheriff's offices responsible for registering the offenders.

SEARCH AND SEIZURE

Search of a student and his/her possessions, including vehicles, may be conducted at any time the student is under the jurisdiction of the Board of Education, if there is a reasonable suspicion that the student is in violation of law or school rules. A search may also be conducted to protect the safety of others. All searches may be conducted with or without the student's consent. Students are provided lockers/desks and other equipment in which to store materials. It should be clearly understood that this equipment is the property of the school and may be searched at any time if there is reasonable suspicion that a student has violated the law or school rules. Locks are to prevent theft, not to prevent searches. Anything that is found in the course of a search that may be evidence of a violation of school rules or the law may be taken and held or turned over to the police. The School reserves the right not to return items which have been confiscated.

COMPUTER NETWORK AND INTERNET (Acceptable Use and Internet Safety)

TECHNOLOGY

Technology can greatly enhance the instructional program, as well as the efficiency of the District. The Board recognizes that careful planning is essential to ensure the successful, equitable and cost-effective implementation of technology-based materials, equipment, systems and networks. Computers and use of the District network or online services support learning and enhance instruction, as well as assist in administration. Computer networks allow people to interact with many computers; the internet allows people to interact with hundreds of thousands of networks.

All computers are to be used in a responsible, efficient, ethical and legal manner. Failure to adhere to this policy and the guidelines below will result in the revocation of the user's access privilege. Unacceptable uses of the computer/network include but are not limited to:

1. violating the conditions of State and Federal law dealing with students' and employees' rights to privacy, including unauthorized disclosure, use and dissemination of personal information;
2. using profanity, obscenity or other language which may be offensive to another user or intended to harass, intimidate or bully other users
3. accessing personal social networking websites for non-educational purposes;
4. reposting (forwarding) personal communication without the author's prior consent;
5. copying commercial software and/or other material in violation of copyright law;
6. using the network for financial gain, for commercial activity or for any illegal activity;
7. gaining unauthorized access to other computers or computer systems, or attempting to gain such unauthorized access;
8. accessing and/or viewing inappropriate material and
9. downloading of freeware or shareware programs.

The Superintendent/designee shall develop a plan to address the short- and long-term technology needs and provide for compatibility of resources among school sites, offices and other operations. As a basis for this plan, he/she shall examine and compare the costs and benefits of various resources and shall identify the blend of technologies and level of service necessary to support the instructional program. Because access to online services provides connections to other computer systems located all over the world, users (and parents of users who are under 18 years old) must understand that neither the school nor the District can control the content of the information available on these systems. Some of the information available is controversial and sometimes offensive.

The Board does not condone the use of such materials. Employees, students and parents of students must be aware that the privileges to access online services are withdrawn from users who do not respect the rights of others or who do not follow the rules and regulations established. A user's agreement is signed to indicate the user's acknowledgment of the risks and regulations for computer/online services use. The District has implemented technology-blocking measures that protect against access by both adults and minors to visual depictions that are obscene, child pornography, or, with respect to the use of computers by minors, harmful to minors. The District has also purchased monitoring devices which maintain a running log of internet activity, recording which sites a particular user has visited.

"Harmful to Minors" is defined as any picture, image, graphic image file or other visual depiction that:

1. taken as a whole and with respect to minors appeals to a prurient interest in nudity, sex or excretion;
2. depicts, describes or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts or a lewd exhibition of genitals and
3. taken as a whole, lacks serious literary, artistic, political or scientific value as to minors.

The District will educate minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response. The Superintendent/designee will develop a program to educate students on these issues.

Annually, all students must read the Acceptable Use and Internet Safety Policy and submit a properly signed agreement form. Students and staff are asked to sign an agreement each year after reviewing the policies and regulations of the District.
